

Cowra MAC Presents Oily Hand Diesel Day Sat 24th & Sun 25th August 2024

Health and Safety

Please make sure your models are set up to fly reliably and be aware of other modelers and their property when launching, flying and landing.

Keep to the flying areas designated in the Pilots Briefing notes.

Regarding Covid and other nasties. Look after your fellow modellers and yourself and all will be well.

Registration

Go to the clubhouse on arriving at the field and register before flying.

Registration is \$30 (same as last year) for the weekend and your name goes in the pilot's draw.

MAAA cards will be checked. The card can be printed or as a download on phones and other devices.

If you haven't got your new card, you will need last year's card and a receipt/note from your club secretary with their mobile number on it stating that your fees have been paid.

Visitors

It would be appreciated that you make yourself known at the registration table and contribute \$15 toward running the event. Spouses/partners of participating modellers are of course exempt.

Visitors are not allowed on the flying fields. They are restricted to the carpark and clubhouse compound for safety and insurance purposes. Only registered participants, whose MAAA numbers are recorded, have access to the flying areas.

If you don't intend flying but want to be on the flying sites you can register by showing your MAAA card, signing the Pilots Briefing Certification and paying the \$30 entry fee.

Pilot's Draw

All registered participants are automatically entered in the pilots draw.

Nice NIB ball raced long stroke P.M.C. Imp .75cc diesel.

Raffle

https://cowramac.com/?page_id=981&preview=true

Pilots Briefing

The pilot's briefing notes are available from the website

<https://cowramac.com/wp-content/uploads/2023/06/Briefing-2023.pdf>

There will also be a copy available at registration on the day.

You will be required to sign that you have read and understand them at registration.

Schedule for the Weekend

Saturday – sunrise 6:30am

Start flying as soon as it is light.

6:30am – 8:00am – brekky – bacon & egg. tasty tasty tasty

12 noon till 1:00 - Lunch by the OHDD Master Chefs at the clubhouse kitchen.

Plus lunch time flying demonstration - front & centre of strip & C/L area.

1:00pm – Concours judging for both Shark 402 and Majorette.

1:20pm – Photo shoot for concours models.

1:30pm - Go flying. Special time slot to fly Majorettes on main strip and Shark 402 only flying on main C/L circle till they are done. Say 2:30pm.

4:30pm – Muster for scramble No other models to be flown from same site - safety.

5:00pm – David Owen Memorial F/F Scramble.

Sunday

Flying from dawn

6:30am – 8:00am – hot breakfast at the field.

8:15am Plank Racing muster and scrutineering.

9.00am - Plank & Super Plank Racing on centre C/L circle.

11:30am – Lunch followed by presentation.

2:30pm event officially finishes, but you can stay on and fly. **Any models, electric, gassers, drones, helis & etc. can be flown.**

Models of the Meet

Shark 402 – Steve Thomas provided us with a copy of the plan. He maintains that it is a great flying profile stunter.

Added to that if you fly yours in Super Plank you get a 10% score bonus. That should be enough encouragement to get you to build and fly one.

Majorette by Vic Smeed - SAY NO MORE. I don't believe we have done a Vic Smeed design as MoM before. So here is your chance and it is a beauty. Do it as R/C or F/F. Remember you can scale it up or down as you wish.

You can order kits for both from Bill East at Aerotech. email w_east@optusnet.com.au
The Majorette plans are available on Outerzone.

Download the Shark 402 plan here [Shark 402](#)
